

A few years ago I was suddenly faced with the reality that my mom Dorothy could no longer live in an assisted living home. She required full-time care in a more secure environment. I spent many day visiting multiple places in the Tacoma/Gig Harbor area and with each visit, came away with a hole in my heart feeling that there was no place where she could be cared for with compassion and individual attention. Then I found Family First! Julie Thomson met me at the Olalla home and I immediately knew that this would be the perfect home for my mom.

The Family First group truly puts their residents and families first. I use to visit my mom regularly, and it didn't matter what time of day I went, I would always find her clean, well cared for and most important...loved! I was notified, right away if there are any changes or concerns regarding her health or care. I feel so blessed to have had my mom in a home surrounded by respect, compassion and love.

To all of you at Family First, I cannot thank you enough for your hard work and dedication you showed. ~ **Linda Peterson**
